LOOKING FOR SUPPORT, EXPERTISE AND NEW IDEAS FOR CREATING SUCCESS?

We believe every leader of the sport has the responsibility to inspire stakeholders in an effort to deliver a positive family soccer experience. Soccer participation offers families value beyond making an individual a better player or even a better athlete. The game of soccer is a powerful platform for participants to build character, foster positive values and develop important life skills. These benefits are available to all players, desirable to every family and transcend the game.

This thinking drives everything we do at Xara, that is why every product, program and service we offer must answer the questions:

How does it improve the soccer experience?
How does it change the playing environment?

Organizations tell us; mandates are driving them crazy, increased competition keeps them awake at night and lack of volunteers leave them drained. We understand the frustration and we are ready to help. Our industry leading product and game changing programs give you the solutions to the challenges you face. Xara will work with you to deliver a more enjoyable experience for everyone.

Find out how you can make the soccer experience more enjoyable by working with a company that understands the challenges facing everyone due to the ever changing face of the sport.

CORRECT FIT MATTERS

The dirty little secret of US soccer is that most female players are wearing products that don’t fit; even worse, it was made to fit a male athlete. Don’t do what’s easy, do what’s right. Differentiate from your competition, offer greater value and build your brand by selecting correct fitting product.

FEMALE CORRECT FIT SHIRT SPECS:
1. Narrower Shoulders
2. Smaller neck opening
3. Shorter sleeve length
4. Shorter underarm opening
5. Shorter body length
6. Fitted chest area
7. Contoured torso
8. Wider hip area

FEMALE CORRECT FIT SHORT SPECS:
1. Narrower elastic waist
2. Wider hips
3. Shorter leg length
4. Shorter front rise
5. Longer back rise
6. Shorter inseam
7. Narrower leg opening

Safety is number 1 with parents, it is the basic expectation of every parent that commits their child to play. The Soccer Safe Program is an umbrella that allows organizations to highlight all aspects of their commitment to a safe environment. The program engages all stakeholders in making sure the game is played in a safe positive environment.

With the creation of a competitive environment, comes the opportunity for a “win at all costs” mentality to emerge. This win at all costs thinking supports a culture where the values of the organization and the stakeholders are compromised by the drive to win. The No Victory Without Honor® Program allows youth soccer organizations of all skill levels to offer a competitive soccer experience in an environment that remains true to the shared values of all stakeholders.

The lessons learned playing soccer have value long after the game has ended. When these are combined with the power of a strong education, the opportunities for success in life expand. The College Selection Program allows soccer organizations of all skill levels the opportunity to live their values, bring added value to the family and support the college aspiration of the players in their program.

The Player of the Month Program allows youth soccer organizations to define their point of difference, live their commitment to delivering a better family soccer experience and create a positive playing environment. With monthly and season awards this program recognizes players who show commitment to values that will bring value long after the game has ended.
SAFETY IS NUMBER 1

A fun, safe soccer season is a basic expectation of every family that commits their child to play soccer, and something all stakeholders should be committed to. The Safety Series products allow parents and organizations to honor that commitment and provide every child with safe, better-fitting products.

**BALLS**
Made to provide a softer touch when kicked.
Made to provide a softer feel when kicked.
Made to offer more forgiveness when the player is struck.

Child safety is a priority for all families and Xara has a ball that is made from a softer material that is more forgiving to the touch and cushions the impact when the ball is kicked. Check out this Xara ball, another way Xara is improving your soccer experience.

Safety on the field is your responsibility! The bones in a child’s foot are not fully developed until age 15. For that reason we have a “14 point rounded cleat configuration” on our children’s shoes for foot stability and safety. Bladed-cleat shoes made popular by pro soccer players do not give adequate support to a child’s foot.
